

Seeding Victoria NRCT Revolving Fund

2025-2026 Seed List v2

Seeding Victoria is operating a Seed Revolving Fund to provide early remuneration for seed collectors, made possible through a Natural Resource Conservation Trust grant. For each of the species listed per bioregion, 50% of the seed's wholesale price will be paid to a collector for cleaned seed (grams). The remaining 50% will be paid to a collector following the retail sale of stored seed.

Seed that falls within the provenance requirements is guaranteed eligibility for the Revolving Fund upfront deposit. If sufficient seed from within the provenance cannot be sourced, then seed from the broader bioregion may become eligible.

This list will be updated and re-issued to collectors, including additional species and weight adjustments, as seed is progressively delivered to the Seedbank and demand for species changes over time. Please check our website www.seedingvictoria.com.au for the latest Revolving Fund Seed Listing.

Specific Seed Provenance		Within 150km of Cowangie (near Ouyen)	Within 150km of Mildura	Within 50km of Stawell	Within 50km of Glenalbyn (near Wedderburn)	Within 50km of Stuart Mill						TOTAL (g)
Species names												
Gold-dust wattle	Acacia acinacea			11000	3000							14000
Rough Wattle	Acacia aspera			4500								4500
Grey Mulga	Acacia brachybotrya				2000							2000
Wallowa	Acacia euthycarpa subsp. euthycarpa				4200							4200
Wedderburn Wattle	Acacia euthycarpa subsp. oblanceolata				3700							3700
Spreading Wattle	Acacia genistifolia			30500	1200							31700
Lightwood	Acacia implexa			9000	2000							11000
Mallee Wattle	Acacia montana				4000							4000
Wattle	Acacia nyssophylla		22500									22500
Umbrella Wattle	Acacia oswaldii	19000	27000									46000

Specific Seed Provenance Species names		Bushbank Seed Needed by Bioregion and Provenance										TOTAL (g)
		Mallee 1 (g)	Mallee 2 (g)	Goldfields 1 (g)	Goldfields 2 (g)	Goldfields 3 (g)	Otways (g)	Riverina (g)	South West (g)	Volcanic Plains (g)	Wimmera (g)	
		Within 150km of Cowangie (near Ouyen)	Within 150km of Mildura	Within 50km of Stawell	Within 50km of Glenalbyn (near Wedderburn)	Within 50km of Stuart Mill						
Hedge Wattle	Acacia paradoxa			18000	1000							19000
Golden Wattle	Acacia pycnantha	20000		46000	7200							73200
Nealie	Acacia rigens	1000	6250									7250
Hard-leaved Wattle	Acacia sclerophylla var. sclerophylla	2000	9000									11000
Dwarf Nealie	Acacia wilhelmiana	4600	13000									17600
Rosewood	Alectryon oleifolius spp canescens	3000	7000									10000
Buloke	Allocasaurina luehmannii			6200	1000	100						7300
Buloke	Allocasuarina leuhmannii											0
Slaty Sheoak	Allocasuarina muelleriana			11000	2600							13600
Drooping Sheoak	Allocasuarina verticillata			11000	2000							13000
Saltbush	Atriplex acutibractea subsp. acutibractea		1000									1000
Old Man Saltbush	Atriplex nummularia	2000										2000
Kidney Saltbush	Atriplex stipitata subsp. stipitata	300										300
Bladder Saltbush	Atriplex vesicaria	300										300
Slender Cypress-pine	Callitris gracilis	5000	28500									33500
Scrub Cypress-pine	Callitris verrucosa	600	16000									16600
Belah	Casuarina pauper		4000									4000
Bell-fruit Tree	Codonocarpus cotinifolius		300									300
Wedge Leaf Hop-bush	Dodonaea viscosa ssp. cuneata				2500							2500
Slender Hop-bush	Dodonaea viscosa subsp. angustissima	2000	12000									14000
Sticky Hop-bush	Dodonaea viscosa subsp. spatulata				1700							1700

Specific Seed Provenance Species names		Bushbank Seed Needed by Bioregion and Provenance
